STREETS and ROADS COMMISSION AGENDA

May 7, 2019

STREETS AND ROADS COMMISSION MEETING 7:00 pm

1. CALL TO ORDER AND PLEDGE
2. APPROVAL OF COMMISSION MEETING MINUTES
3. COUNCIL LIAISON REPORT
4. COMMUNITY CONCERNS/CITIZENS COMMENTS
5. OLD BUSINESS
 - a. **Sterling Glen Speeding Issue.** The Commission discussed a complaint from a resident about speeding in the Sterling Glen neighborhood. The Town performed traffic and speed counts and provided the information to the Commission for review and consideration.
 - b. **Twin Arch Neighborhood Speeding Issue.** The Commission discussed a complaint from a resident about speeding along Back Acre Circle in the Twin Arch neighborhood. The Town performed traffic and speed counts and provided the information to the Commission for review and consideration at the March meeting. Item held for status update.
 - c. **Back Acre Circle Parking Issue.** The Commission discussed a complaint from residents of the Twin Arch neighborhood about parking on Back Acre Circle in front of 2904 Back Acre Circle. Parking in this area is a concern to traveling public along this road especially during evening hours when visibility is limited. Possible solutions include restricting parking in this area, restriping the center line of the road, improving on-site parking availability, and traffic calming. The Town will perform traffic and

speed counts and evaluate the current width and stripping of the road and signage of the area and report back to the Commission. Item held for status update.

- d. **Hill Street Issues** – A letter was received from a resident on Hill Street asking the Town to look into the speeding issue and possibly lowering the speed limit on that street. It was recommended that a speed and traffic study be done. Item held for status update.
- e. **Detours on Main Street During Town Events.** The Commission discussed possible alternatives to detour routes when Main Street is temporarily closed for Town events. The Main Street detour will not be placed at Sunset Avenue. Brian Johnson is working on signage being installed at the intersection of South Main Street and East Ridgeville Blvd to have notification that Main Street will be closed for a town event and alternate routes should be used. It was agreed to remove this item from the agenda.
- f. **Requests for Temporary or Permanent On-Street Parking.** The Commission will continue to discuss developing a list of information needed to make a judgment on any future requests to allow temporary or permanent on-street parking.
- g. **Speed Limit on MD 27 through Mount Airy Town limits.** A citizen has questioned the posted speed limit on MD 27 through Mount Airy Town limits. Jennifer Smith stated that the State Highway Administration has jurisdiction on the speed limit, not the Town. Lynne Galletti stated that per Barney Quinn, a Route 27 Corridor Study had been done a few years ago, paid for by the Town. The study identified what improvements may be needed as development happens. Jennifer Smith will look at the recent corridor study and see what recommendations were made as far as speed limits and will send an 5 electronic copy to each Commission member to review. It was agreed to keep this on the agenda for the May meeting.
- h. **Speed control on Leafy Hollow Circle.**
- i. **Speed control on Park Ridge.**

6. NEW BUSINESS

- a. **Request to install additional signage for the 25 mph speed limit on Back Acre Circle.** The Commission will discuss a request to install additional signage for the 25mph speed limit on Back Acre Circle.
- b. **Request for 3 Way Stop Sign at Reading Court and Back Acre Circle.** The Commission will discuss a citizen request to a 3 way stop sign to be put in at Reading Court and Back Acre Circle.
- c. **Crosswalk at Locksley and Kings Forest.** The Commission will discuss a citizen request to install a crosswalk and stop sign on the corner of Locksley and Kings Forest in Nottingham.

7. ADJOURNMENT
