Subject: Placing Kindness Rocks in Town Parks

Hello,

I'm an Assistant Cubmaster and Den Leader with Cub Scout Pack 1191 in Mount Airy. Pack 1191 is considering to leave a small painted "Kindness" rock in a publicly visible spot at one or more of the town parks - is this something that you can approve, or do which we need Board permission?

To clarify, each rock would contain a positive note for anyone, and one of the 12 Points of the Scout Law. The goal is to encourage Scouts to visit each park and find the rock, similar to a scavenger hunt and/or geocache.

Your consideration is greatly appreciated.

Sincerely,

Bill Maloid
